

**WHO WE ARE:**

We are a group of professionals, from different backgrounds, and of different faith and nationalities, our mission is to implement an alternative model of ethical and socially responsible finance, as is the Islamic Finance.

Its levels of growth, stability and efficiency, have demonstrated its validity and robustness in the unstable environment of crisis. Hence, we created a center in order to study and disseminate these finances in Spain.

### **Goals:**

#### **-GENERAL:**

Being a leader institution in Spain and worldwide, both in promoting information, thought and practices, as in the advisory and oversight issues related to Islamic economy and finance in all intellectual and professional fields.

#### **- SECONDARY:**

- Promote research and studies highlighting the Islamic approach to economy and finance, theoretically and practically.

- Encourage outreach meetings and spaces in academic, professional and entrepreneurs' areas on topics related to Islamic economy and finance.

- Develop knowledge of the principles and methods of Islamic economy and finance.

- Provide advisory services and supervision to investors, entrepreneurs and other stakeholders in the context of Islamic economy and finance.

- Establish relationships and partnerships with university departments, banks and other public and private institutions.

- Advise companies and institutions in the understanding of Islamic reality.

### **Activities:**

- The organization of conferences, seminars, and workshops on Islamic economy and finance.

- The realization, management and / or co-supervision of research and studies related to Islamic economy and finance.

- The development of scientific, cultural and professional cooperation with institutions and, the public and private entities, interested in Islamic economy and finance.

- The creation of a resource center and a bibliographic bank on Islam compliant economy and finance.

- The publication of a periodical magazine specialized in Islamic finance and economy.

### **How we work:**

In the CEIEFI we work through various committees, as well as an Advisory Council made up of professionals from different areas that gives an institutional support to the Center.

The committees that make up the Center are as follows:

1. Communication Committee.
2. Islamic Self Financial Community Committee (in Spanish CAFI).
3. Research and Studies Committee.
4. Islamic Microfinance Committee.
5. Islamic Marketing Committee.
6. Institutional Relations and Academic Coordination Committee.
7. Juridical and Tax Committee.

### **Collaborators:**

Our center counts on the participation and support of individuals and corporations from public and private institutions, within and outside the Spanish territory.

### **Partners:**

In addition to the founding members, our center has other essential partners to carry out its activities. The services offered to partners in exchange for a symbolic periodical fee are:

- The possibility of becoming an active member of the center in one year of partnership.

- To own the center partnership card.

- Training and regular information about updates on the subject.

- Preferential conditions in all the center activities.

- Participation in CAFI (Islamic Self Financial Community Committee).

- Discounts on the cost of activities like training, seminars, conferences or even Masters and other diplomas.

- The access to the resource center and the bibliographic bank available in our Centre.

- Trips and accommodation to participate in training activities or events in Spain and abroad.
